

Cobra Glider Trailers

Simply the best trailer for your glider, the Cobra trailer has been continuously improved since inception in 1980. Whether you are looking for a trailer for your new glider or wish to replace your current trailer ask Fox One Corp for a quote.

Cobra trailers are made-to-fit for all makes and models of gliders and can be purchased with a fiberglass top or aluminum top and with red or blue trim. Using a case-by-case approval process with Transport Canada, new Cobra trailers are eligible for licensing as an OEM trailer in Canada.

To request a quote for a trailer specific to your glider please contact Fox One Corp and specify the type of glider as well as the trim colour and type of trailer top. Trailers take 4-6 months to manufacture and ship.

Basic Prices:

-

for Standard, 15m /18m Class gliders with multi part wings:
