

The Oudie 2 is an in-cockpit GPS and navigation system with a bright 5" day light readable screen. It is a PNA device with built in GPS and SeeYou mobile pre-loaded and is ready to use when you open the box. The purchase of an Oudie includes a lifetime subscription to SeeYou mobile.

Price: \$645 US or **\$770 US** when bundled with SeeYou.

Options such as a hard case and Ca302 or LX cables are also available.
